code::name urubu

kresu surrealistycznej jawy i jej odbicia w confines of. The idea of the project was born as a torrent of names with very indicative feelings, forming one whole with 19 musics (total duration of 81 minutes) and include : macumgolé, polierto, sincretético, são rosa , eletro vodoo, mortriarcado , among others. Thus, code::name urubu – mix : digital electronics (diverse synthesis types), acoustic instruments (acoustic guitar / lyre), electroacoustics (theremin, totem bass, guitar), natural sounds processed (urubus, ants and amazon electric fishes) and small participation of voice.

Skomponowane i nagrane w roku 2008 -

- mixed in surround 5.1 , a video w styczniu i lutym 2009.

The DVD brings versions in 5.1 (Dolby Surround) and 2.0 (the traditional stereo), more incidental urubu's images.

The Show

The show was held in São Paulo in August and September at SESC Vila Mariana, and at the MIS Museum of Image and Sound of São Paulo.

The show is an imaginary construction of a multimedia environment with surround 5.1, more video projection and illumination. Sukorski uses some of it's instruments like : gran corda, prepared lyre, microtonal guitar, theremin, sound generators devices and others, to create an atmosphere of dense and intense music-mosaic with different textures and feelings.
